### PROFILE

Student of Systems and Computing Engineering with high interest in computer science and software development. Seeking to put into practice the knowledge acquired in my bachelor and both of my minors. I am committed to my academic development and my personal growth; which has allowed me to qualify as a monitor in different subjects. I am an excellent team worker and I will be delighted to participate in multidisciplinary projects.

### EDUCATION

**Bachelor of Systems and Computing Engineering-** Los Andes University, Bogotá, Colombia

**Minor in Physics-** Los Andes University, Bogotá, Colombia

**Minor in Computational Mathematics-** Los Andes University, Bogotá, Colombia Expected Graduation date: August. 2020

Overall GPA (scale of 5.0): 4.05

### EXPERIENCE

**Teaching Assistant – to Professor Sandra Rueda in “Computational infrastructure”.** Los Andes University, Bogotá, Colombia. 2018-II- Currently  
Helped the professor solving students doubts at the laboratory and graded practical exams and projects.

**Teaching Assistant – to Professor Rodrigo Cardoso in “Design and Analysis of algorithms”.** Los Andes University, Bogotá, Colombia. 2018-I- Currently  
Helped the professor solving students doubts at the laboratory and graded practical exams.

**Teaching Assistant – to Professor Bernardo Recaman in “Mathematical Thinking”.** Los Andes University, Bogotá, Colombia. 2017-II  
Assisted the professor with the development of every class.

**Teaching Assistant – to Professor Miguel De Avila in “Structural Mathematics and Logic”.** Los Andes University, Bogotá, Colombia. 2017-II  
Prepared classes before every exam to help students review the topics seen in class, helped grading the students in the laboratory.

**Teaching Assistant – to Professor Luis Ricardo Rodriguez in “APO (algorithmic and object-oriented programming) II”.** Los Andes University, Bogotá, Colombia. 2017-I  
Helped the professor solving students doubts at the laboratory and graded practical exams.

**Teaching Assistant – to Professor Julián Moreno in “APO (algorithmic and object-oriented programming) I”.** Los Andes University, Bogotá, Colombia. Summer Course 2016  
Helped the professor solving students doubts at the laboratory and graded practical exams.

**Teaching Assistant – to Professor Yesid Donoso in “APO (algorithmic and object-oriented programming) I”** Los Andes University, Bogotá, Colombia. Summer Course 2016  
Helped the professor solving students doubts at the laboratory and graded practical exams.

## **AWARDS**

- QEE Scholarship

## **TECHNICAL SKILLS AND PROGRAMMING LANGUAGES**

- Java
- Python
- Git
- SQL

## **SOFT SKILLS**

- Leadership
- Communication
- Creativity
- Adaptability
- Teamwork
- Responsibility
- Autodidact
- Resourcefulness

## **LANGUAGES**

- **Spanish** – native language
- **English** – level C1, speak fluently and read/write with high proficiency. IELTS:7/9

## **EXTRACURRICULAR**

Member of the student committee of the Systems Engineering program of Los Andes University. Since 2019-I

Member of the University chess team 2016-I – 2018-II
